Professional Summary

Creative and passionate full-stack developer with expertise in JavaScript, Java, C++, Python, and the MERN stack (MongoDB, Express, React, Node.js). Currently pursuing a Diploma in Computer Science at the Co-operative University of Kenya. Experienced in building interactive web applications, particularly e-commerce platforms. Proficient in Microsoft Office applications. Eager to contribute to innovative projects and collaborate with dynamic development teams. Strong communicator, fast learner, and highly motivated by coding challenges.

Technical Skills

Languages: JavaScript, Java, HTML, CSS, Python
Frameworks & Libraries: React.js, Node.js, Express.js, VB.net
Databases: MongoDB, MySQL
Tools: Git, GitHub, VS Code, Microsoft Office

Projects

E-Commerce Furniture Website

- Dynamic furniture web application built using React.js, Node.js, Express, and MongoDB.
- Showcases categorized furniture items with images, prices, and descriptions.
- Integrated cart functionality and product filtering.
- Designed a modern, responsive UI.

Personal Portfolio Website

- Developer portfolio showcasing projects and skills.
- Built with HTML, CSS, and JavaScript.
- Includes sections for About Me, Skills, Projects, and Contact.
- Fully responsive layout with animations.

Professional Qualification

Diploma in Computer Science, Co-operative University of Kenya *(May 2024 – Present)*

- Learning programming concepts, web technologies, and modern development practices.
- Participated in hands-on coding assignments and team-based software projects.

Certificate in Cybersecurity, ALX Online Programs *(June 2025 – Present)*

Education

Kenya Certificate of Secondary Education (KCSE), St. Mary's School Yala *(2019 – 2022)*
Kenya Certificate of Primary Education (KCPE), New Fan Friends Academy *(2010 – 2018)*

Work Experience

COMRIDE ENTERPRISES *(Jan 2023 – Dec 2023)*
Duties:

- Provided cyber assistance including typing, scanning, photocopying, printing, and binding.
- Maintained and troubleshooted computers and peripherals.
- Repaired client computers, laptops, and printers.

Collaboration & Goals

Open to collaborating on:

- Frontend and backend development projects
- Full-stack web applications using the MERN stack
- Creative UI/UX design using Figma or CSS animations
- Problem-solving and hackathon challenges

Personal Attributes

- Excellent communication and presentation skills
- Quick learner with adaptability to challenging environments
- Team player with professional integrity
- Able to work well under pressure with minimal supervision

Fun Fact

I love solving complex problems with creative solutions and experimenting with new ideas and tech tools.
